

## ABOUT HOLY TRINITY

*Holy Trinity is an Orthodox Christian Church. Originally founded by Greek immigrants, today we are a multi-ethnic parish with people from every age group and walk of life.*

*If you are looking for a church that feels like family, seeking true spirituality, or struggling with the pain and doubts of life in an imperfect world, please join us Sundays at 10:30 am.*

## Please help! Pakibigay tulong!

Holy Trinity regularly sends Balikbayan Boxes to the Philippines. The following items are always needed:

- ❖ Children's Books
- ❖ School Supplies
- ❖ Clothing (Children & Adult)
- ❖ Multi-Vitamins

Monetary gifts are also welcome and will be used to pay for shipping and purchasing specific items that have been requested

*Holy Trinity is located near Daly City in the SW corner of San Francisco.*

# The Philippines Project

---

At Holy Trinity, we are dedicated to spreading the Good News and caring for those who have material needs. We support local ministries with our labor and gifts and the global Church by fundraising and sending short-term missionaries.

We have a special affinity for the Church in the Philippines. Like most Bay Area churches we have faithful of Filipino ancestry, and we recognize that our parish is located near the geographical center of one of our country's largest Filipino-American communities.

## The Missionary Activities of the Church in the Philippines

Our missionary partners in the Philippines provide food, school transportation, clothing, tuition subsidies, and financial help with hospitalization for persons with a demonstrated financial need.

## The Mother of God Church, Women's Monastery (Convent), and School in Cataingan, Masbate Island

Holy Trinity has an ongoing relationship with the faithful of Masbate Island, the second poorest area in the Philippines, and continues to send Balikbayan Boxes filled with clothing, books, and school and church supplies to this parish, convent, and school. The kindergarten serves 56 students between the ages of four and six. According to their staff, "They are taught in a warm, loving environment

which enables them to excel and develop at a faster pace than children at other schools in the area.

They enter into elementary school with an unmatched enthusiasm for learning."
